iLearn Campaign

→ Does your employer give back to the community or provide matching funds to your charitable contributions?

Please ask them to give to the SBS iLearn Campaign to enhance our children's educational experience with iPads in the classroom. Just print off the attached donation form and give it to your employer. Return the form and the check to the school office.

Also, remember to make your sponsorship contribution to the SBS iLearn Campaign by December 22 for a 2011 tax-deduction.

If you have questions, call Jennifer Koplin 414-758-7126 OR see us at the iLearn booth at the Holiday Concert on December 13th.

What is the **iLearn Campaign?**

As a reminder, the PTO is embarking on a fundraising campaign to assist the school in purchasing iPads for an enhanced educational experience in the classroom.

The Goal:

To purchase at least 30 iPad2s to be shared and rotated through the classes. This will allow an entire class to have hands-on experience, which offers a very tactile, personalized approach to learning.

Sponsorship:

We are seeking sponsorship of iPads to augment other fundraising efforts. We are asking that you or your employer consider sponsoring at one of 3 sponsorship levels. As a sponsor, you will have your name and a message displayed on the iPad. Keep in mind, this donation is tax-deductible.

Why iPads:

This educational tool will dramatically enhance what our teachers do in the classroom, which will, in turn, provide our children with the best education possible!

1. We all learn in different ways. The iPad2 provides visual, auditory, and tactile approaches to learning.
2. Educational apps make math and learning to read a fun, interactive experience.
3. Eventually many of our textbooks will be loaded on the iPads, with links to things like amazing 3D science models or perhaps video or audio of famous historical events.
4. Many educational apps will track the results of the learning module which provides immediate feedback on their progress.
5. No more "the dog ate my homework"! Many assignments will be able to be done on the iPad and emailed to the teacher.
6. Technology is not going away. The more accustomed our children are to it, the better they will flourish in high school and beyond.
7. Some of the most innovative software around is being developed specifically for tablets.

Please consider sponsoring an iPad2 by filling out the donation form and send it to school with your donation. If you have questions you can contact Jennifer Koplin at koplin.jennifer@gmail.com or [414-758-7126](tel:414-758-7126).
